

Minimum System Requirements for Using the Attuning a Student Online Tool

In order to use the Attuning a Student online tool, the user must use *one of the following browsers*:

- > **Internet Explorer, Version 6.0 or higher**
 - Version 7.0 or higher is recommended.
 - With Version 6.0, while all tool functionality is intact, some graphical elements may not display as intended.

- > **Mozilla Firefox, Version 1.0 or higher**
 - Version 3.0 or higher is recommended.

- > **Safari, Version 3.1 or higher**
 - Older versions may work but have not been tested.

Other requirements:

Javascript must be enabled regardless of the browser being used. If Javascript is disabled, the application will not work properly.
